How to move My Digital Studio content in My Memories Suite on Windows.

- 1. Open the My Digital Stuido folder in an Explorer Window. (Program Files (x86) > My Digital Studio Projects)
- 2. Copy the Components folder within the My Digital Studio folder.

- 3. Open the My Memories Suite folder in an Explorer Window. (Program Files (x86) > My Memories Suite)
- 4. Paste the Components folder into the My Memories Suite folder.

5. A promt will display asking to replace the Components folder, select Yes. Then click the check box in the bottom to do this for items found, and click Yes. Then select the check box in the bottom again, and choose the Copy and Replace option. And last click on the check box, and the continue button for the last prompt.

Confirm Folder Replace	Confirm Folder Replace	Copy File	
This destination already contains a folder named 'Components'. If any files have the same names, you will be asked if you want to replace those files.
