Instructions:

1. Fold Very Vanilla Thick card base in half.
2. Use Detailed Floral Thinlits to cut the top layers from Watercolor Paper. After cutting out the detailed pieces, use the edgelit die to finish cutting the layers. If necessary, trim the flat edges with a Stampin' Trimmer.
3. Using the Detailed Floral Watercolor Paper layers as guides, cut two pieces of Silver Foil slightly larger than the watercolor paper using the edgelit die from Detailed Floral Thinlits.
4. Use the Bloomin' Heart Thinlits Dies to cut 2 large flowers and 3 small flowers from Watercolor Paper, and 2 large flowers and 3 small flowers from Calypso Coral cardstock.
5. Squeeze a Calypso Coral ink pad to pool the ink in the lid. Using an Aqua Painter, paint the upper Detailed Floral Watercolor Paper layer with clear water. Dip the Aqua Painter in the ink to add varying shades of Calypso Coral ink. Let blend and dry. Repeat for the lower Detailed Floral Watercolor Paper layer and the Watercolor Paper flowers.
6. Use Snail to adhere the Detailed Floral Watercolor Paper layers to the Silver Foil. Wrap a piece of 1/4" Ombre Ribbon around the upper layer and adhere to the back with Snail. Adhere layers to the card base with Snail.
7. Using Versamark ink, stamp the sentiment on Powder Pink cardstock. Cover with Silver Stampin' Emboss Powder and heat set.

8. Use the smallest Layering Oval Framelits Die to cut out the sentiment. Cut a matching scallop oval out of Powder Pink cardstock. Adhere together with Snail, and adhere to card with dimensionals.
9. Use Snail to adhere some of the Watercolor Paper flowers to the Calypso Coral flowers, and then randomly adhere the flowers to the card with dimensionals as shown.
10. Add Pearl Basic Jewels to the flower centers and randomly on card.
11. Cut two pieces of ribbon approximately 3" wide. Fold the ends of each piece towards the center and adhere with Snail. Layer the two pieces on top of each other. Use a third piece of ribbon to tie a knot around the center. Adhere to card with Mini Glue Dots.
12. Enjoy!
